

**NATIONAL SMOOTH DANCERS, INCORPORATED (NSD)**  
**(A NON-PROFIT SOCIAL DANCE ORGANIZATION)**  
**NSD OFFICIALLY APPROVED DANCE RULES – 2016**  
**NOTE: THE 2016 DANCE RULES CONTINUE TO BE VALID IN 2017**

Recognizing that NSD is a social organization dedicated to promoting friendliness and goodwill within its membership through greater interest in ballroom dancing, it is deemed prudent to create a set of dance rules that will apply to NSD dance competitions.

This document covers the rules to be followed for officially approved NSD competitions. Its purpose is to promote a level of high quality dance contests and guarantee that every effort has been made to establish fairness and equity in NSD competitions.

**I. OFFICIAL APPROVAL**

- A. In order to obtain NSD approval for Convention and inter-chapter NSD only events, the Contest Chair of the hosting chapter must submit to the Dance Rules Committee in the person of its Chair a statement setting forth the contests for which Official Approval is desired and the details thereof, confirming conformance to the rules contained hereinafter. International Latin may be excluded from the competitions offered at Convention without jeopardizing Official Approval.
  - 1. The only events for which Official Approval is required are those held at the annual State Convention. All others (Coronation Balls, Board of Directors Ball, weekend competitions, etc.) may seek Official Approval if they so desire
- B. Said Statement of Conformance must state style(s), dance(s), tempi, dress, judges, and contestant eligibility for each contest for which Official Approval is desired.
- C. This Statement must be submitted a minimum of 45 days prior to the event. The Dance Rules Chair must respond within 14 days of receipt of the Statement.
- D. The Chair is instructed to review Statements in the name of the Committee and issue written approval or denial within the stated 14-day period, and is responsible solely to the Committee in case of claim of error. The Chair may delegate this task at his/her discretion but retains full responsibility for its execution.
- E. The original contest results, pre-registration forms and judges' marks shall be forwarded to the Dance Rules Committee Chair as specified in the written Statement granting Official Approval. Any challenge to scoring in a Convention Competition must be presented to the State Chair in writing postmarked within 30 days of the event for consideration. No action will be taken on any challenge brought after the 30-day period.
- F. Files containing the Statement of Conformance, the Statement of Official Approval, and the contest results shall be available at the official bi-annual meetings of the State Dance Rules Committee and shall be kept for a period of three years following the date of the event. With this file shall be kept a current roster of NSD amateur dancer's ineligibility as described below.

## II. ELIGIBILITY/INELIGIBILITY

- A. An NSD amateur dancer is a paid up member of NSD in good standing for whom ballroom dancing is strictly a hobby or a recreational activity. Each chapter's current membership roster, published online, AS OF MAY 15<sup>TH</sup> OF THE CURRENT YEAR, will be the official Eligibility List for any amateur allowed to enter Sanctioned competitions during the subsequent NSD State Convention.**

***In the event an individual Chapter wishes to host a Sanctioned Competition other than the annual State Convention, the Eligibility/Ineligibility date will be the 1<sup>st</sup> of the Month which allows the competitor to have been a member in good standing for at least 90 days prior to the event. (Example-Function date: June 15<sup>th</sup>, must be a member as of March 1<sup>st</sup> of the same year.)***

No professional may compete in NSD competitions. A Professional is defined as anyone who falls into any or all of the following categories.

1. Operates a dance studio (defined as a business enterprise that charges a fee for NSD recognized dance lessons as noted in Section 3A-Competitive Divisions, Paragraphs 1 through 4 only).
2. Receives remuneration (money or other benefits) as a prearranged fee for teaching dance lessons other than actual expenses (travel, room and board).
3. Receives remuneration (money or other benefits) as a prearranged fee for dance performances other than actual expenses (travel, room and board).

A person who has continuously given up all professional activities for the immediate past five years is eligible to compete in NSD competitions.

- B. The Dance Rules Chair shall maintain a current roster of NSD amateur competitive dancers who are ineligible for certain competitive levels. The roster shall include date and place of the win(s) which make them ineligible. A current copy of this roster will be made available to each chapter chair no later than 90 days after a convention.**
- C. There must be at least three couples entered in a contest to hold that competition. If the hosting chapter requires pre-registration as a condition for holding a competition (minimum of three couples registered) the hosting chapter must specify in writing a registration deadline date. The pre-registration must be in written form to the hosting chapter. If a competition is not canceled, any eligible competitor may elect in writing to enter said competition after the registration deadline.**
- D. If there are nine or more couples entered in a contest, an additional round (semifinal) will be held, instructing each judge to select six couples to return for a "final". If a hosting chapter has stated in writing that no additional rounds would be scheduled, then the hosting chapter has the right to refuse to allow late registration to any couple whose registration would force the scheduling of additional rounds.**

### III. COMPETITIVE DIVISIONS

- A. Competitive Divisions shall be defined as International Standard, International Latin, American Smooth, American Rhythm, and Novelty. These divisions shall be considered separately in determining a particular dancer's level classification. Thus, an advanced dancer in one division may yet be a beginner in a different division.

  2. International Latin Division **(Revised January 2016 to add 4 Star Level)**

- A. These level classifications apply independently within each of the first four competitive divisions described above and a specific level standing within one division shall not affect a dancer's eligibility in any other division, except if any competitor has won any sanctioned event with **FIVE** or more couples at the Two-Star level or above, he/she may not dance in a One-Star competition in any division.
- B. There shall be **Four (4)** recognized levels within each of the International Latin Division and the American Rhythm Division.
1. One Star  
  
Any NSD amateur dancer shall be classified One Star in the International Latin or American Rhythm Division until winning first place in a Sanctioned One Star or higher level competition of that Division comprising five or more couples. Contests at this level shall consist of one dance as follows:

C. There shall be four (4) recognized levels within each of the International Standard Division and the American Smooth Division.

#### D. Novelty & Titled Competitions

1. Novelty Competitions. Novelty Competitions may be open to any or all levels of dancers at the discretion of the organizer. Because of the wide latitude of this Division, each competition placing must be considered as a wholly separate entity and shall not affect any Level standing within or without this Division.
2. Titled Competition. A Titled Competition is one which is opened to dancers of all Levels within its Division and may consist of any or all of the recognized dances selected from the various Divisions, but maintaining conformance in Style (e.g., International Waltz/Tango, both Standard dances, or American Foxtrot/Cha Cha, both American Style). As this, like the Novelty Division, is a wholly separate section, Level standings in Titled Competitions shall be at the discretion of the organizer, and a win in any specific Title Competition shall not be reflected in any other Level standings within the system.

#### E. The Level classification of a partnership, in case of discrepancies, shall be the higher of the classification of the partners.

1. A partnership may compete at the next lower Level than currently classified if it has not won first place in a Sanctioned competition at its currently classified Level involving five or more couples in the last immediate three years. However, in no case will a partnership be permitted to drop down to the one-star level in violation of Rule IV A.
2. A partnership may compete at its current classified Level and at the next higher Level. Winning first place in a Sanctioned competition at any Level in which there are five or more couples shall serve to classify a couple into the next higher Level.

### V. OPEN AND CLOSED CATEGORIES

- A. A closed competition is one which is open to qualified NSD amateur dancers only.
- B. An Open competition is one, which is open to all qualified amateur dancers, regardless of NSD membership.
  1. Determination of the Level of a non-NSD partnership or dancer is to be the Responsibility of the hosting chapter's Competition Chair.
